

## BY FLOOD AND STORM.

Loss of Life and Great Damage to Property in the West.

Probable Drowning of a Whole Family at Arrow Rock, Mo.

Lightning's Mischief in a Missouri Pacific Switch Shanty.

KANSAS CITY, Mo., May 13.—Additional news of damage by the flood continues to come in. Grand River is reported to be twenty miles away from its mouth. A Marshall despatch says nearly all of salina county is overgrown, fences being all carried away and railroads washed out.

From Arrow Rock, 100 miles down the river, news comes of the tearing up of several farmhouses. The family of Peter Emery, five in number, living near here, is missing and all are believed to have been drowned. A train, carrying a heavy box, was derailed here last night. A heavy rain has been falling all over the Missouri Valley for twelve hours and shows no signs of cessation.

OMAHA, Neb., May 13.—The county house building just completed, began settling yesterday from the effects of the recent flood, and is now practically a wreck. The damage is estimated at \$25,000.

SEDAH, Mo., May 13.—During a severe electrical storm last night a switch shanty in the Missouri Pacific yards was struck by lightning and the building, section foreman, Martin Graham, a well-known and fat shanty, a section man, occupants of the shanty, were severely injured. Graham's injuries are likely to prove fatal, but the other two men will probably recover.

During the storm the hail descended as it has done in years, and reports received from the country districts say that the fruit crop has been badly damaged, as has also the vegetation of all kinds.

ATKIN, Tex., May 13.—Colorado River is on a rapid rise, and the lowlands are in serious danger of inundation. In the Indian Territory, which has a large area of lowland, the water is rising rapidly. The first rain in three days.

Hundreds of carcasses of dead animals that have died of the flood are being carried to the Gulf in the raging torrent. A heavy rain has been falling for the last twenty-four hours. The Kansas River already rises. All the houses have been saved.

Only ten feet of ground remains between the Union Pacific river depot and the river, and this narrow strip is rapidly melting away. Despatches from the West say that a further rise of six feet or more may be expected. Should this occur the river will overflow its banks and considerable loss of life and property will be the result.

ST. LOUIS, Mo., May 13.—The Mississippi continues to rise rapidly at this point. Much valuable farming land is under water, and all chance of making a crop this year is gone. The river is changing its course and gradually encroaching on the south bank. A large pile of lumber is being taken out of the river.

LENA AND BABY MISSING.

Fears that a St. Louis Girl Has Drowned Herself and Brother.

ST. LOUIS, Mo., May 13.—There is anxiety at the home of Bernard Bruno. His daughter Lena, a pretty blue-eyed girl of twelve years, and Julius, a two-year-old baby boy, have disappeared.

Mr. Bruno is a widower and Lena has been keeping house for him for two years, and the baby disappeared sometime Wednesday.

The first friend knew of it was when he returned home at night. Lena had been somewhat agitated at day and two before and had said something that she would run away with the baby and commit suicide.

The police, who were informed immediately, have been making a vigorous search for the girl ever since. It is feared that she really jumped into the river and destroyed the life of the child with her own.

A BOY'S DOUBLE MURDER.

He Kills His Uncle's Wife and Child and Escapes.

CARSTON, Ia., May 13.—Returning from work, William Conner, a farmer near Pleasant, found his wife dead in her bed with a bullet wound in her head. Lying on the bed was his little daughter, also murdered.

Mrs. Conner had evidently been assaulted and then murdered. The little girl, who was only two years old, was found lying on the floor and had been shot in the head and killed.

## NO FEAR OF OUTSIDE PAVERS.

Strikers Deny that They Contemplate Any Disorder.

Walking Delegates Declare the King Building Strike Off.

Secretary James D. Grant, of the Pavers' Union, has returned from New Haven, where a meeting of the executive committee of the various unions connected with the pavers' strike was held yesterday. As a result of that meeting Secretary Grant reports that the position of the 20,000 pavers and their associate workmen is stronger than ever.

This, too, in spite of the declaration of the contractors that they will have 1,200 German pavers on hand Monday morning to continue the paving work on the New York streets which was stopped by the strike a week ago.

"The pavers laugh at this threat. 'There are not five pavers in this city,' said Mr. Grant this morning, 'who are not members of the union. All the German pavers are members. In fact, they are among the most loyal members of our organization.'

"That statement is a bluff all through. 'I notice that Mr. Pierce says that all the contractors for granite-block deliveries are made in October and November. That is not true. The great bulk of contracts were made in May, June, July and August, as can be ascertained from the department of Public Works.'

"Again, we always notify the contractors two months ahead of any proposed change in the scale, so they have knowledge of our movements long before the contracts come out.

"We would very much like to know where the contractors will get their 1,200 pavers. They can't be coming from abroad, as that would be a direct violation of the contract law.

"Mr. Grant, of the strike committee, said: 'Under no circumstances will there be legitimate and peaceful methods be resorted to by us to win this fight.'

"It is their idea to bring about a disturbance if they can, so as to bring us into disrepute, but such a scheme will fail completely. We do not fear the contractors. We know they can't get men, but if they could, we would not interfere unlawfully.

"We have assurances of sympathy from several members of the Contractors' Association. The men who will have the strike settled. It is only those who have no work on hand who are holding out.

Mr. Grant said that does not put its blocks direct from the pavers, but instead gets them through a contractor or middleman. It was in the city's power, he said, to break up the middleman if it chose.

Work has ended in the Fifty-fourth street was resumed this morning, the contractor who had the job having made satisfactory arrangements with the pavers.

The strike of the Building Trades against Butler D. H. King, Jr., has been settled, and the men will probably go back to work today.

KLEEZEWSKI DIES OF HIS WOUND.

Unsuccessful in Love and Out of Work, He Shot Himself.

Sigmund de Kleezevski, the young Austrian who shot himself in Joseph Plummer's bakery at 1300 Third Avenue Wednesday night, died at the Presbyterian Hospital early this morning.

Depression resulting from inability to find work and disappointment in love were the two causes that led to the act of self-destruction.

Kleezevski had been in this country about a year. He formerly worked for a Mr. Cherny, a baker at Park Avenue and East Eighty-ninth street. He fell in love with his employer's daughter, but she did not reciprocate his affection, and he became careless in his work and was discharged.

About a week ago, Kleezevski, who is a light build, pulled a revolver from his pocket and shot himself in the stomach. He asked a spectator to take the pistol and hide him with bullets. The poor fellow has no business on earth, he said.

KEELEY TO SPEAK IN BROOKLYN.

On His Way to Found Bichloride Institutes in Great Britain.

CHICAGO, May 13.—Dr. Leslie C. Keeley will arrive in this city today and will start for New York this evening. He will be accompanied by J. V. Keating, of London, England, and Carl A. Reed, and will be joined by Major E. M. Moore at Sunday night at Tallmadge's Tavern, and will sail for Europe on the 14th inst. Dr. Keeley is a member of the National Association of Bichloride Institutes, and will be the general agent for the sale of the institutes to be established in the United Kingdom.

But the Injured Husband Insisted on Getting Back His Cash.

Vincenzo Delgnetto, who lived at 13 Carroll street, Brooklyn, was arrested in Hoboken this morning charged by Lenge Castable, of 15 Carroll street, with stealing \$110 in gold, the proceeds of three house lots, and, incidentally, the complainant's wife, with whom it was also charged, he intended to elope to Italy.

In court, Delgnetto gave up the money and the goods, and the complainant was withdrawn. He was not required to give up the woman.
